

If the pattern has a double line around it, the seam allowances are included.

Note: By default, seam allowances are NOT included (single line) and will need to be added when laying out and cutting details.

Seam Allowance: 1 cm on all seams; hem guidelines are printed on pattern.

Important! Please print all the paper patterns and lay them out at the width of fabric you plan to use (usually from 90 to 150 cm) to see how much fabric you will need.

Don't forget to take into account pieces to be duplicated or cut on a fold. When sewing the garment, pay attention to notches. They must match up with corresponding pieces.

2015 Coat Dress with Train for the Bride

Recommendations on fabric: sheer satin (taffeta), stiff organza to strengthen upper part.

You will also need: fusing, thin shoulder caps, sleeve heads, sleeve lining.

CUTTING:

The word, "beam" used on some patterns means "straight of grain". Some pieces will be cut on the fold, this is noted on the pattern piece. Mark all notches and other design features such as darts, pleats etc. from the pattern onto your fabric.

Seam allowances: 1 cm for all seams.

Main fabric:

Fabric and lining (we recommend satin as lining also):

1. Upper back part – 2 pieces
2. Side back part – 4 pieces
3. Upper front part – 4 pieces
4. Side front part – 4 pieces
5. Lower back part – 4 pieces

6. Collar – 2 pieces
7. Cuff – 2 pieces
8. Back stripe – 2 pieces
9. Sleeve/sleeve facing – 2 pieces for each (without organza strengthener)

Lining: sleeve lining

Fusing: back stripe, sleeve facings, collars, cuffs

INSTRUCTIONS:

1. Reinforce the upper layer of the garment with base fabric (stiff organza) and stitch them together along all edges. Then overstretch with the base fabric lining.
2. Stitch the collars into the neckline asymmetrically up to the notches; the collars are softly shaped. Twist the right collar end into a rose shape and secure it by hand.
3. Stitch the cuff to the sleeve up to the notches (the sleeve should already have the inner seam stitched). Twist the cuff ends into a rose shape and secure them by hand.
4. We recommend stitching a beam-thread border along the shaped front edge of the garment, slightly easing the fabric along the seam.

Congratulations, your dress is ready! :)
