

If the pattern has a double line around it, the seam allowances are included.

Note: By default, seam allowances are NOT included (single line) and will need to be added when laying out and cutting details.

Seam Allowance: 1 cm on all seams; hem guidelines are printed on pattern.

Important! Please print all the paper patterns and lay them out at the width of fabric you plan to use (usually from 90 to 150 cm) to see how much fabric you will need.

Don't forget to take into account pieces to be duplicated or cut on a fold. When sewing the garment, pay attention to notches. They must match up with corresponding pieces.
